

Policy 8 Observers at Meetings of the CCEI Board of Directors

The Board welcomes approved observers at its Board meetings according to the following qualifications and conditions.

1. Observers must have a bona fide interest in the work of CCEI as it pertains to international accreditation practices and efforts to support and maintain high standards for chiropractic education around the world.
2. A person wishing to observe a given meeting, or the Board member wishing to request approval of a person to observe, must contact the Executive Secretary before the meeting to identify the bona fide interest and to request such observation. All such requests are forwarded to the Executive Committee, who must approve observations.
3. While present, observers must refrain from comment on matters before the Board unless called upon and recognized to provide comment or make inquiry.
4. At times, observers may be asked to leave the room during discussion of certain matters privy only to the Board.
